Advantage Deluxe Electrol

Features

Case and electrical connection can be assembled beforehand.

Metal roller with screen fabric can be quickly and easily assembled afterwards.

After installing the screen fabric is the motor always accessable.

White case with extra supports for ceiling systems.

After retraction, the white door closes the case seamlessly.

Automatic stop for rolling in and out guarantees long lifespan of projection screen fabric.

Black border increases perceived clarity of projected image.

Quiet, fast motor with 5-year guarantee.

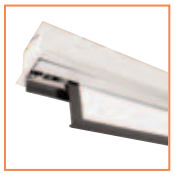
Options

- Formats square (1:1) and video (4:3).

Accessories (see pages 76 and 77)

For mounting
- Ceiling brackets.
  10800004

For operation
- Infrared remote control (IR).
  10800012
- Radio frequency remote control (RF).
  10800013
- Key switch
  10800009



▲ **Electric built-in projection screen concealed in the ceiling. With closure door and extra motor. Gives maximum protection and optimal flexibility during installation.**

Technical characteristics

- Aluminium case and steel end caps with white powder coated outer side.
- Matte White S: double-sided laminated vinyl on a woven fiberglass support with black backing; gain 1.0 and viewing angle 50° L/R.
- Square format (1:1) has a small black border on the left/right side.
- Video (4:3) formats has a wide black border all around.
- Projection screen fabric(s) satisfies the requirements for fire safety for building materials and building components.
- Supplied with separate wall switch.
- Somfy motor with 32 RPM (revolutions per minute) and 120 Watts.
- All electrical projection screens satisfy the following product safety standards: IEC 60335-1; 60335-2; DIN19045-5 and IEC 61000 for Electro Magnetic Compatibility.
- Front of case folds to facilitate access to motor and projection screen fabric.
